

# Centre Connect

May 2023

## What's happening?

### 1. Latest news from the research team

#### CADA Award Success

The CADA application was led by DiaDeM's Prof Richard Holt and Dr Faiza Aslam, in collaboration with the training leads of the Centre for IMPACT (Prof. Sameen Siddiqi) and the CONTROL programme (Prof. Saeed Farooq). It proposed an interactive, in-person training programme "Implementation Science Summer School: Addressing Mental and Physical Health Together" for a cohort of 10-12 Early/Mid Career Researchers (EMCRs), bookended by online sessions. The summer school will be held at the University of York in July.

News story: [CADA award success to host an Implementation Science Summer School](#)

#### SPARC Award Success

Terrific news is that three applications of DiaDeM ECRs; Ms Nida Afsheen, Ms Najma Hayat and Ms Kousar Ishaq, for the NIHR Global Health Research Short Placement Award for Research Collaboration (NIHR GHR SPARC), have also been approved. Congratulations on their achievement too!

**Keep your eye out for news stories to follow**

#### DiaDeM Main Trial

Congratulations to the DiaDeM team who are recruiting really well to the main DiaDeM trial. Delivery of the intervention has also just started. Keep up the good work.

#### Covidence training at KMU & IOP

Congratulations to Bilal Ahmad recently announced as a Covidence Student Ambassador. As an ambassador, Bilal will help encourage others to try Covidence by sharing his experience. He is currently delivering Covidence training event at their institution. An initiative to encourage more students to start their evidence journey KMU and IOP.

News story: [Covidence announce 2023 Student Ambassadors](#)

### 2. Welcome aboard

#### Jenny Westad

In April we welcomed Jenny Westad who will be working with us in the IMPACT team as the programme manager (York) replacing Cate. If you haven't had a chance to meet Jenny, drop her an email.

### 3. What's new from the community & beyond

#### Funder news

Stay up to date with our funder [sign up](#) to the #NIHRGlobalHealth Research newsletter.

**NEW NIHR FUNDING CALL:** New RIGHT call to launch in July: the 7th call under NIHR's [Research and Innovation for Global Health Transformation \(RIGHT\)](#) programme will focus on cardiovascular disease in LMICs. The call is scheduled to open in early July 2023, and further information will be available soon.

#### BIDE Pakistan

In a bid to curtail the use of the drinks which are causing diabetes centre colleagues from BIDE were involved in a recent event in Karachi on sugar-sweetened beverages. Healthcare professionals and experts demanded the imposition of a 50% sales tax on Sugar-Sweetened Beverages (SSBs). The event was covered in the local and English news.

News story: [Medics Seek the Imposition of 50% sales tax on SSBs](#)

### 4. Looking forward

#### Centre for IMPACT Annual Meeting in York

[The Draft Agenda](#) for the upcoming Annual Meeting in York, which will take place w/c 24th July, is now available the meeting will be split across various projects, the first two days related to DiaDeM, IMPACT South Asia, IMPASS and TB Multimorbidity, with the remaining three days focused on the Centre for IMPACT. We encourage as many people to join for as much of the week as possible virtually or in person.
